PRESS RELEASE

Berlin | January 8, 2019 | P072

DoorBird at BAU 2019

Smart video door intercoms for single-family homes and multi-tenant residences in hall C2, booth C2.506.

Bird Home Automation Group is exhibiting for the first time at BAU Munich, the world's leading trade fair for architecture, materials and systems. The Berlin-based manufacturer will present its smart video door intercoms from January 14 to 19 at booth C2.506. All devices for single-family homes and multi-tenant residences can be viewed at the booth, including the new DoorBird D2101IKH made of brushed stainless steel. This newest door intercom system is equipped with a backlit info module for displaying the house number and a keypad for entering access codes. Visitors will also see the D301 IP Upgrade which connects classic, analog door intercoms of conventional brands with smartphones. Further products showcased at the booth include suitable accessories, such as the IP door chime and the two-wire Power over Ethernet converter.

About Bird Home Automation Group

The Bird Home Automation Group develops, produces and markets high-quality IP video door intercoms under the trademark "DoorBird" around the world. The company's headquarters and production plant are located in Berlin, Germany, with a further office in San Francisco, USA. "DoorBird" stands for the combination of exclusive design with the most innovative IP technology in the field of door communication. The products are made from corrosion-resistant precious metals and manufactured in Germany according to the highest quality standards. For more information, visit www.doorbird.com.
