

## PRESS RELEASE

Berlin | August 24, 2022 | P352

### Live Webinars: DoorBird IP Video Door Stations

Bird Home Automation is hosting free webinars for electricians, real estate developers and architects in autumn and winter 2022. The company develops and manufactures DoorBird IP video door intercoms, access control systems, indoor stations and accessory products in Berlin, Germany.

The webinar topics include various use cases in single-family houses, multi-tenant, and commercial buildings, customizing options in the 3D configurator, and integration in SIP telephone systems or building and home automation systems. Each online event focuses on secure and flexible access control, options for individual installation conditions, hassle-free upgrading and retrofitting, and compatibility with other smart home systems.

The webinar series will take place on the following dates:

08.09.2022, 10:00 am (PST): DoorBird with access control for apartment buildings and office complexes

21.09.2022, 10:00 am (CEST): Introduction webinar – This is DoorBird

13.10.2022, 10:00 am (PST): DoorBird in the smart home & further integration possibilities

19.10.2022, 10:00 am (CEST): DoorBird with access control for apartment buildings and office complexes

10.11.2022, 10:00 am (PST): DoorBird setup and configuration basics as a live demonstration

17.11.2022, 10:00 am (CET): DoorBird custom solutions and 3D configurator

29.11.2022, 10:00 am (CET): DoorBird and SIP - Integration into phone system

07.12.2022, 10:00 am (CET): DoorBird Integrations - How to use the API

The webinars last approximately 45 minutes. They are suitable for newcomers to the multifaceted world of IP door communication and for advanced users who wish to deepen their knowledge in this segment.
